Video may not be available in all areas or with all providers. Refer to plan documents for complete description of virtual care services and costs. In general, to be covered by your plan, services must be medically necessary and used for the diagnosis or treatment of a covered condition. Not all prescription drugs are covered. Not all services are eligible or may be covered under your specific medical plan. The following services are generally not covered: services that aren't medically necessary; experimental, investigational or unproven services; services for an injury or illness that occurs while working for pay or profit, including services covered by Worker's Compensation benefits; treatment of sexual dysfunction. This is a summary only and the terms of your specific medical plan may vary. All group health insurance policies and health benefit plans contain exclusions and limitations. See your plan materials for costs and details of coverage, including other telehealth/telemedicine benefits that may be available under your specific health plan. Virtual primary care through MDLIVE is only available for Cigna Healthcare medical members aged 18 and older. Virtual dermatological visits through MDLIVE are completed via asynchronous messaging. Some Healthy Rewards programs are not available in all states and programs may be discontinued at any time. Participating providers are solely responsible for their goods and services.

Preventive care

Getting and staying healthy is important. That's why most health plans include coverage for eligible preventive care services at no additional cost to you, when you receive them from a provider who participates in your plan's network.

- Blood pressure screenings
- Cholesterol screenings
- Diabetes screenings
- Screenings for colon/rectal cancer
- Clinical breast exams
- Pap tests
- Mammograms

1. Plans may vary and not all preventive care services are covered. For example, immunizations for travel are generally not covered. See your plan materials for a complete list of covered preventive care services.

Save money with OHIP

The Cigna Dental Oral Health Integration Program[®] (OHIP) reimburses out-of-pocket costs for care that helps treat or prevent gum disease and tooth decay. You may be eligible to join if you're enrolled in our dental plan and have a qualifying medical condition.¹ You don't have to be enrolled in our medical plan to join.

Qualifying conditions include²:

- Pregnancy
- Heart disease
- Stroke
- Diabetes
- Chronic kidney disease
- Organ transplants
- Rheumatoid arthritis

There's no extra cost for OHIP — if you qualify, you'll get paid back.³ OHIP helps you save money and manage your conditions through better oral care.

Two ways to enroll in OHIP:

- Go to **myCigna.com**[®], select Coverage > Dental, and fill out the registration form.

- Call the number on your ID card and ask for a mailed registration form.

1. This program provides reimbursement for certain eligible dental procedures for customers with qualifying medical conditions. Customers must enroll in the program prior to receiving dental services to be eligible for reimbursement. Reimbursement is applied to and subject to any applicable annual benefits maximum. See your plan documents or contact Cigna Healthcare for complete program details.

2. Not a full list of conditions.

However, reimbursement will apply to and is subject to your annual benefits maximum for traditional indemnity and DPPO plans as well as plan rules for visits to network dentists and out-of-network dentists.

Pharmacy home delivery

Home delivery with Express Scripts® Pharmacy is a convenient choice when you take a medication regularly.¹ It's easy, safe — and saves you trips to the pharmacy. By choosing home delivery, you can:

- Manage your medications from your phone or online — order, track, pay and more.
- Get standard shipping at no extra cost.²
- Fill up to a 90-day supply at one time.³
- Talk with helpful pharmacists 24/7.
- Get automatic refills⁴ or refill reminders so you don't miss a dose.
- Use a payment plan to split your bill into three smaller monthly payments.

1. Cigna Healthcare maintains an ownership interest in Express Scripts Pharmacy's home delivery services. However, you have the right to fill prescriptions at any pharmacy in your plan's network. You won't be penalized regardless of where you fill your prescriptions.

2. Standard shipping costs are included as part of your prescription plan.

3. Certain medications may only be packaged in less than a 90-day supply. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.

4. Express Scripts Pharmacy can automatically refill certain medications. Once enrolled, you can log in to the myCigna App or myCigna.com sign up. You can sign up to get emails and/or texts from Express Scripts Pharmacy. To get text messages, you'll have to sign up for Express Scripts' texting service. You can do this online or over the phone. Once you sign up, simply reply to their welcome text to get started. Standard text messaging rates apply.
